### **Agreement of Age Requirement for Preschool Services**

I \_\_\_\_\_ understand that my child, \_\_\_\_\_, is being granted a conditional waiver on the age requirement for the \_\_\_\_\_ class for the \_\_\_\_\_ school year (September - May). I understand that to attend preschool at the Shepherd of the Hills Child Development Center (CDC) the child must be 3-years-old by September 15th for the Spot's (3's) class and must be potty trained, 4-years-old by December 31st for the Grover (4's) class, and 5-years-old by December 31st for the Franklin (5's) class. I understand that the CDC Board of Directors will under certain circumstances grant an exception to this policy based on the parent's wishes and concerns and that this will be on a trial basis. One of our goals as a preschool is for your child to have a positive experience and this will more likely happen when they are placed in their developmentally appropriate peer group. We do recognize that all children mature at a different rate so children that are born just a few weeks apart can vary greatly in development, and this is why we will occasionally grant an age exception. During the trial period, your child's teacher will be looking at four different core areas of development (social, emotional, cognitive, physical) to determine if the class seems to be the right fit. If after a 4 week period it is found that your child needs to be in a different peer group, the preschool has the option of opting out of this waiver.
