

What's Happening in SEPTEMBER

What We're Learning

Welcome to the Franklin Class!
We're so happy to have this year with your child!

We will start off this year learning all about science! We'll learn how to use our senses to observe. We will also spend a lot of time learning to work together on simple experiments. The first few weeks of school, we focus on getting to know our school community and how we each play an important role.

If you have any comments, questions, or concerns, please do not hesitate!

Thank you for sharing your child this year!

Love, Mrs. Coleman
